- Sometimes, it makes no sense but God has a plan and knows what He is doing
  - If God doesn't correct us now, it will ruin our future

- Many have circumstantial relationships with God

#### **Revelation 1:10**

- Stars represent angels and lampstands represent church
  - Lamps are only to be used in dark places; the darker the hour, the more we are needed in the land
- We must see behind the veil/circumstance/problem and recognize God is still on the throne

#### **Revelation 1:14**

- White hair represents wisdom
- Jesus had 7 stars in his right hand and a sword was coming from his mouth
- Even in the worst of times, God has a good Word for your life
- God is pulling back the veil so we can see what is really happening
- We often try to make God into what we want Him to be, but He will not fit into our box; He is amazing and will blow our minds every time

- There was none before Him and shall be no more after Him
- We get impressed with power because we don't understand authority (and Jesus has the ultimate authority)
- Satan knows he's crunched for time and will eventually be snatched up by authority
