

DGM Message Summary: Too Much on the Table

Message Summary: We are leaving too much on the table. There are blessings and favor that can be ours but we have to stop restricting our faith. We have to be open to hear the voice of God, through His spirit and through the angels that He places in our path. But, we have a responsibility to be of good character and honor God in all that we do. We must pray. We must be generous.
